Information about these characteristics is found in 18 basic tables. For the purpose of establishing a meaningful context for the information on the 100 largest districts, four text tables precede the basic tables and provide national data and data on the 100 largest school districts. Appendix A list the 500 largest school districts with some identifying information and basic statistical data. Appendix B is an alphabetical list of the 500 districts and their rank by membership size. Appendix C provides a count of the number of largest districts represented by state. Appendix D provides data for the 1990-91 school year.
