Not illustrated. 1868 Excerpt: . unknown causes we may have a bad season, and but few be caught. In very dry seasons they remain in the sea, and about the mouth of the river, when too many are in consequence caught; whilst in wet seasons they are more difficult to catch, and escape into the rivers and lakes. But one thing is very certain, they must be well looked after and protected from injury during the breeding season; they must have free access to all the imall streams, over mill weirs and obstructions, as unless they are bred by millions they can never be found in the market by hundreds. CHAPTER VII. SUCCESS IN SALMON BREEDING. Although I was the first to try the experiment of breeding salmon artificially in the United Kingdom, and have continued the system to the present time, yet time and experience have convinced me that...
