Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

AD263 - barbarian invasions and violent uprisings threaten to tear apart the Imperium of Rome. In the north, the tribes are increasingly bold in their raids on the Imperium - their savagery unlike anything Rome has known before. Ballista must undertake his most treacherous journey yet - a covert attempt to turn the barbarians of the steppe against each other. He must face the Heruli - the most bizarre and brutal of all the nomad tribes - the Eaters of Flesh, the Wolves of the North. As Ballista and his retinue make their journey, someone - or something - is hunting them, picking them off one by one, and leaving a trail of terror and mutilated corpses. Ballista is in a strange land, among strange people, but is it possible that the greatest threat may come from within his own familia?.
