Excerpt: . . . 11 any MMS-approved activities are consistent with a states federally-approved coastal management program. All of these environmental reviews are considered by MMS, along with the NEPA analysis, to make decisions on whether to approve an activity, and if so, what mitigation and monitoring measures must be put in place to eliminate or minimize any potential for adverse affects to these valuable marine re-sources. In addition, in 2004, MMS entered into a Memorandum of Understanding with the U. S. Coast Guard (USCG). MMS interacts with the USCG on a multitude of mission areas at all levels from Headquarters down to the field units. For example, MMS has been authorized to oversee the Fixed Platform Self-Inspection Program on behalf of the USCG, and frequently exchanges information with the USCG to clarify policy issues and provide compliance statistics. MMS also interacts with the USCG at the Region and District levels to coordinate overlapping...
