I firmly believe that what will make you a master teacher is not the advice I give you; what will make you a master teacher is that you figure out how to solve those challenges on your own, in your own way. From the Preface As a new teacher you face numerous challenges. Right from the start you must learn how to manage a class full of restless students; develop productive relationships with fellow teachers, administrators, and parents; and design engaging lesson plans that will meet ever-increasing levels of accountability all while building a life for yourself in the process.
