Heal yourself quickly and effectively - without drugs or surgery. 75 of illnesses are caused by environmental influences - which are most easily recognized and analyzed by you. Most ailments can be simply diagnosed by examining your problem history and the circumstances surrounding its presentation - information that you have. Most doctors typically spend only ten minutes examining you, but difficult and intractable problems require a deeper analysis - time that you have. Most doctors prescribe drugs or surgery to treat your symptoms, which does not address the underlying cause of your problem. Once you clearly pinpoint the source of your problem, a quick and painless remedy is usually found by removing the offending source - without drugs or surgery. Beginning with a fascinating case study of a patient who suffered for years with an undiagnosed severe illness but who quickly solved it himself following the systematic self-diagnostic process outlined in this book, *Diagnose Yourself* equips the reader with the tools to discover the quickest and least invasive solution to his or her personal problem. The reader can fill in the easy-to-use problem investigation template as the author walks you through the process, referencing many interesting health problems others have solved in a similar manner. Or you can wait until the end and download the free worksheets to work through and solve your problem in one sitting. Unlike most other self-help health books which focus primarily on using the Internet to research a problem, *Diagnose Yourself* offers a clear and rigorous process for using the patient s own knowledge of his or her body and personal history to determine the root...
