

Population Health (Hardback)

By David B. Nash, Joanne Reifsnnyder, Alexis Skoufalos

Jones and Bartlett Publishers, Inc, United States, 2015.
Hardback. Book Condition: New. 2nd Revised edition. 226 x 178 mm. Language: English . Brand New Book. Practicing population based care is a central focus of the Affordable Care Act and a key component of implementing health reform. Wellness and Prevention, Accountable Care Organizations, Patient Centered Medical Homes, Comparative Effectiveness Research, and Patient Engagement have become common terms in the healthcare lexicon. Aimed at students and practitioners in health care settings, the Second Edition of Population Health: Creating a Culture of Wellness, conveys the key concepts of concepts of population health management and strategies for creating a culture of health and wellness in the context of health care reform. Beginning with a new opening chapter, entitled, Building Cultures of Health and Wellness , the Second Edition takes a comprehensive, forward-looking approach to population health with an emphasis on creating a culture of wellness. The revised text takes into consideration the Affordable Care Act and its substantial impact on how health science is taught, how health care is delivered and how health care services are compensated in the United States. Key Features: - Study and discussion questions are provided at the conclusion of...
