Myths in Project Management

By Max Adler

GRIN Verlag Mai 2010, 2010. sonst. Bücher. Book Condition: Neu. 210x148x1 mm. This item is printed on demand - Print on Demand Neuware - Seminar paper from the year 2010 in the subject Business economics - Business Management, Corporate Governance, grade: 1,2, University of Lincoln (Business and Law), language: English, abstract: 1 Introduction The term project management stands for the assumption that a project has to be successful. There are managers who think if they use the technique of project management, they have a guarantee for success. It is obvious that every structural work which is done by the use of experience and knowledge is even better than a work which is done by the caprice decisions of one person. A project will fail without project management, but the converse assumption is neither correct. One of the reasons why projects fail in spite of project management is that there are various myths which make managers believe they are doing well their work, but with a critical analysis they would realize that they can improve it. This piece of work analyzes the most common myths within the project environment. Most of these myths can be identified as management mistakes caused by...
